We worked with Cindy Benson in the past for carpeting in our family room and were exceptionally pleased with her professionalism and responsiveness. We decided to remove carpeting in our main floor and replace it with lux vinyl. We didn't hesitate to contact Molyneaux and Cindy again and were not disappointed! She goes the extra mile, keeps in touch and responds to any question in less than 24 hours. In our book, she is second to NONE! The products offered are excellent quality. We are well pleased! The only reason this post only received a 5 star is because there wasn't a 10!

Thank you Amy Walsh for such great service!! Having the wood plank installed in 3 bathrooms, lower level kitchen and laundry area has made it so much easier to clean (especially the master bathroom area). The carpeting in the upstairs hallway and foyer steps is great!! The carpet is so soft compared to what was there before. I love walking the hallway just to feel the plushness!!! Thanks again. I look forward to working with you in the future!!

Molyneaux did a terrific job with our backsplash start to finish. Our design consultant Susan brought a great selection of tile to our home and was pleasant to work with. She priced out a few different options to inform our decision and practiced social distancing. Frank did the installation and we were so impressed with his work that we had hoped he would be part of our flooring crew as well. He was friendly, wore a mask all day, took his shoes off without being asked and kept the space tidy. Would definitely work with this company again and recommend both Susan and Frank.
