

HIKVISION®

Hikvision Acoustic Imager

Detect the Unheard, Visualize the Invisible

**Break traditional
hearing limits**

**Foster predictive
maintenance**

**Improve
maintenance efficiency**

**Reduce
Economic Loss**

±1°

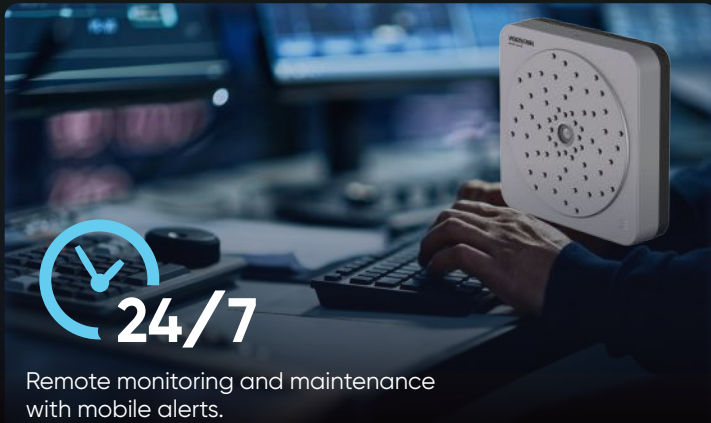

Precision error margin in accurately locating air/gas leaks or discharges.

Precisely localize problem areas

within ±1° accuracy

5 kHz to 72 kHz

Ultra-wide frequency range coverage, while eliminating background noise.

Remote monitoring and maintenance with mobile alerts.

Platform provides seamless system integration and easy management.

Application Scenarios

Electric power industry

Petrochemical industry
