Silotronic is a volumetric control system for silos. The device reads the level of the content in the deposit, allowing you to monitor it in real-time from anywhere.

- ✓ Laser reading
- ✓ Avoid visual control from the top
- ✓ Long-life battery
- ✓ Wide coverage network
- ✓ Data history
- ✓ Programmable alarms

SILOTRONIC ADVANTAGES

- ✓ Sensor with laser technology
- ✓ No wiring required
- ✓ Measuring up to 20 meters
- ✓ Customisable reading frequency
- ✓ Display of various silos
- ✓ Level in real time
- ✓ Volume graphics
