On behalf of the Board of Education and Administration, welcome to Dr. Michael A. Johnson Gymnasium, home of the Wynford Royals! We are excited that you are here supporting students! Your support is very important and appreciated. Please represent your school and community in a positive and respectful manner. That means follow the rules; speak and act responsibly; show courtesy and respect for your fellow fans, officials, coaches, administrators and authority figures and, of course, your team and opponents. Let's make today's contest great by remembering to RESPECT THE GAME! Thank you, and Go Royals!

**FORREST TRISLER**  
**Superintendent, Wynford Schools**

On behalf of Wynford Local Schools, we welcome you to tonight's contest and thank you for supporting all of the participants. The educational opportunities that are provided through interscholastic sports allow the athletes to learn to respect each other, their opponents and the game. Please enjoy tonight's contest and know that your support is greatly appreciated. Go Royals!

**JULIE MILLER**

**BRENT KONKLE**  
**Middle School Principal, Wynford Schools**

Welcome to another exciting season of Wynford High School athletics! As Royals, we take pride in representing our school and community with hard work, team work, and sportsmanship. Our student-athletes continue to grow as leaders and competitors, while striving for excellence both on and off the field or court. We are grateful for the support of our families, fans, and coaches, whose encouragement helps drive our success. Together, let's celebrate every challenge, victory, and moment of growth this season. GO ROYALS!

**CYLE SKIDMORE**  
**HS Athletic Director, Wynford Schools**

The Junior High Athletic Department would like to welcome everyone to today's contest. These young athletes have practiced and prepared for many hours for this opportunity to represent their school. Your support of these young athletes continues to be appreciated. I ask that we all remember the value of this contest is not solely defined by the scoreboard or finish line. It is meant to promote teamwork, empathy, respect and love for the game. I encourage everyone to be positive fans in the stands, on social media and support the coaches, athletes and referees in and around our communities. In doing so, we can all develop these outstanding youth into exceptional athletes. Good luck to both teams this season and as always GO ROYALS!

## OHSAA Mission

To serve our member schools and enrich interscholastic opportunities for students.

# Respect THE GAME

**Act with Dignity  
Speak with Courtesy  
Play with Pride**

Preparing students not for the next level of sports, but for the next level of life.

National  
Federation  
of State High  
School  
Associations

## The OHSAA Believes That:

- Participation in interscholastic athletics programs is a privilege, not a right.
- Participation in interscholastic athletics programs complements a student's school experience and teaches lifelong lessons of hard work, teamwork and self-discipline.
- Participation in interscholastic athletics programs promotes citizenship and sporting behavior, instills a sense of community and promotes a lifetime appreciation for sports and healthy lifestyles.
- All students, regardless of ethnicity, race or gender, should have an equal opportunity to participate in interscholastic athletics programs.
- Sporting and ethical behavior are expectations in interscholastic athletics by all participants, coaches, administrators, officials and spectators.
- Coaches, administrators and contest officials should serve as positive role models who are critical to a student's development and success.
- In order to minimize health and safety risks and maintain ethical standards, it is mandatory that interscholastic athletics participants are free from use of anabolic steroids or other performance-enhancing drugs.
- All rules, regulations and facilities for and supervision of interscholastic athletics programs should ensure maximum protection of the health, safety and well-being of each participant.
- Limitations should be placed upon the length of sport seasons and the number of interscholastic contests played by participants.
- Students should engage in a well-rounded experience that encourages participation in a multitude of extracurricular activities.

- All attempts should be made to accommodate students with disabilities in interscholastic athletics programs.
- Compliance with all school, OHSAA and state regulations along with contest playing rules is essential for everyone involved in interscholastic athletics programs.
- Student academic achievement and success take priority over athletics achievement and success.
- The success of a team is more important than individual awards.
- Interscholastic athletics programs exist to prepare students for the next level of life, not the next level of sports.
- Participation in interscholastic athletics programs can be a once-in-a-lifetime opportunity and create memories that will last forever.

## Fan Fair Play Code

- I will remember that young people play sports for THEIR enjoyment.
- I will have realistic expectations and will understand that doing one's best is just as important as winning. I understand that ridiculing an athlete for making a mistake is not acceptable behavior.
- I will respect the official's decisions and will encourage others do the same.
- I will respect and show appreciation for the coaches and understand that they have given their time to provide sport activities for our young people.
- I will encourage athletes and coaches to play by the rules and to resolve conflicts without resorting to hostility or violence.
- I will show respect for my team's opponents because I realize there would be no game without them.
- I will not use bad language and will not harass athletes, coaches, officials or other spectators.
- I will always show good sportsmanship. Young people learn by example.
