The background of the entire page is a lush, vibrant illustration of tropical plants. Large, dark green monstera leaves with characteristic holes are interspersed with clusters of bright green, feathery palm fronds. The foliage is layered, creating a sense of depth and a dense jungle atmosphere. The colors range from deep forest greens to bright, sunny greens.

MARABÚ

COAL FIRED CUBAN CUISINE

Craving a taste of Cuban culture? Look no further than Marabú Restaurant, where exceptional service complements exquisite cuisine.

We're thrilled to announce that our waiter, Carlos, was awarded the **TFG365 GUIDE Best Waiter** accolade! Carlos was friendly, attentive, and passionate about taking us on a culinary journey. He made our dining experience at Marabú unforgettable.

Beyond the warm hospitality, Marabú embarks you on a culinary adventure that celebrates the heart of Cuba. Their artisanal dishes, prepared over smoky charcoal, capture the rich flavors and vibrant essence of the Cuban countryside.

From succulent meats and aromatic rices to fresh seafood and colorful vegetables, the menu offers a diverse and delicious exploration of Cuban cuisine.
