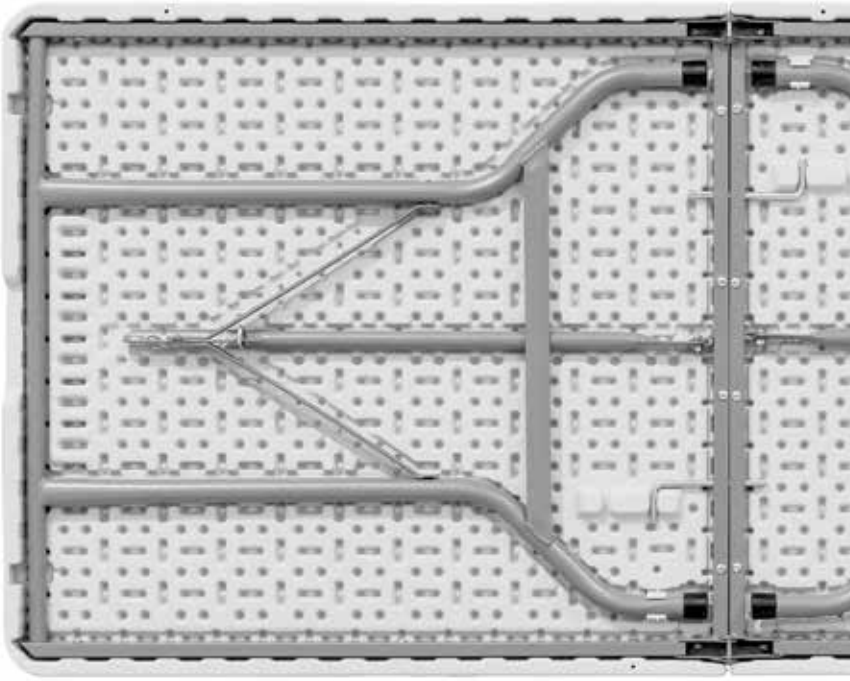
Ultralight Tables

Ultralight series polymer tables are highly advanced, optimised to be **light - weight** and versatile for outdoor as well as indoor use.

Ultralight
Table series
special features



Best strength to weight ratio
Hundreds of pockets under every table reduce weight while increasing strength. This makes the table light while able to hold more weight.

Powder coated steel frame
Weather resistant steel rust-free legs are suitable for extensive outdoor use and sturdy even in un-even terrain.

UV-protected and water- resistant HDPE table top
HDPE is a weather - resillient plastic, suitable for lengthy outdoor use. Just perfect for those garden banquet parties!

Stain resistant and easy to clean
The table top is textured and can easily be cleaned with a wipe

Minimal aesthetics, maximum versatility
The tables' warm white colour combined with grey / black legs give a bright look to suit contemporary settings, highly versatile for many occasions.
