

SPIRIT  
OF  
'73

McLain  
Highlander

*Spirit of '73 . . .*

*. . . Get it Scots!*

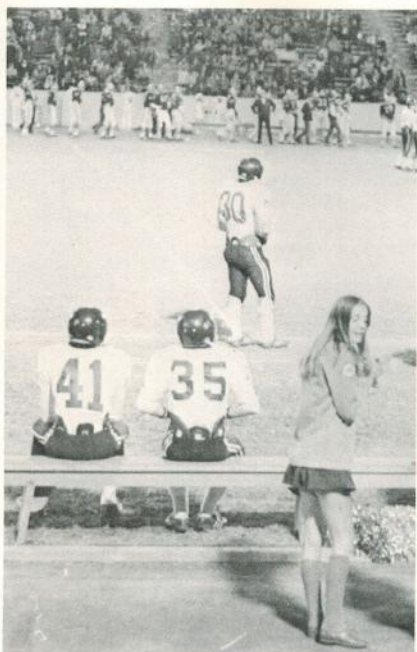

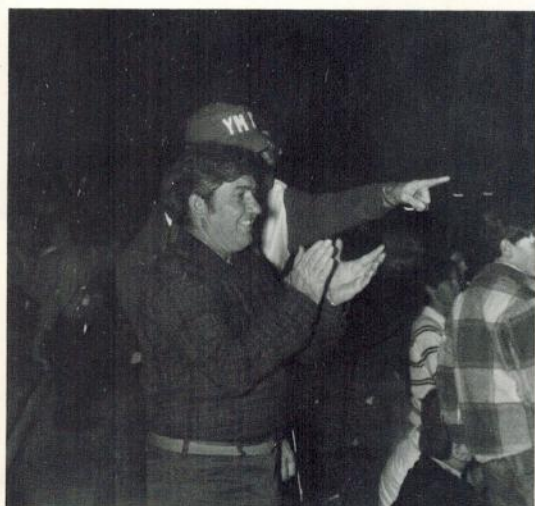

*We often speak of Spirit . . .  
but just what is it? A ghostly  
mirage? An invisible partner on  
our side? A feeling within us  
only when we win at everything  
we try?*

*Spirit is nothing unless you  
have it . . . if you have Spirit you  
don't have to ask what it is.*

*Everyone doesn't have Spirit  
but it is contagious if one  
endeavors to share.*

# *Spirit is Competition . . .*

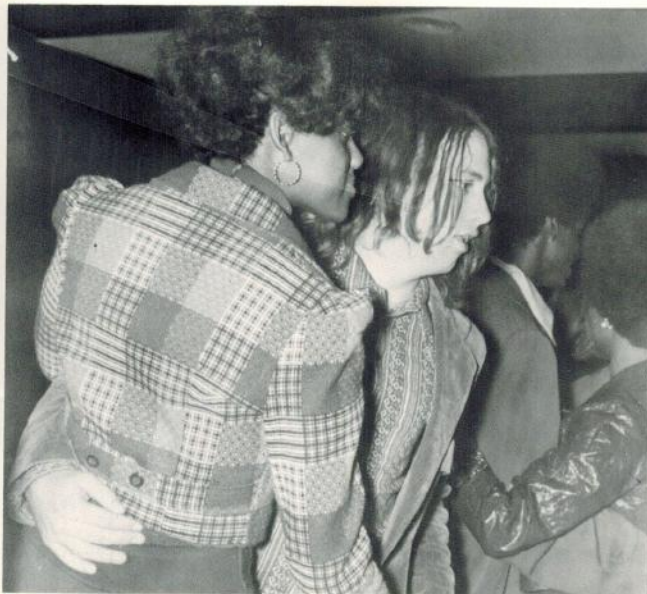

# *Spirit is Giving . . .*

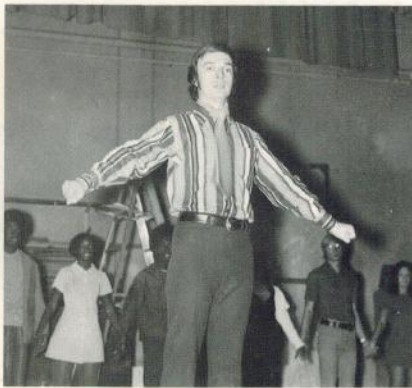

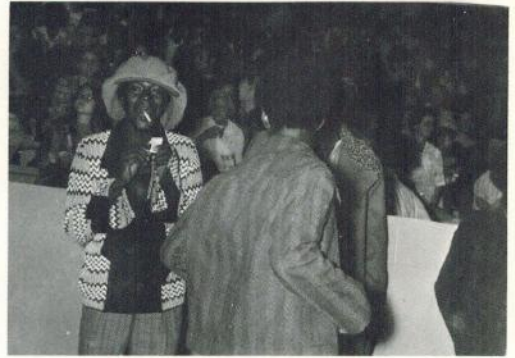

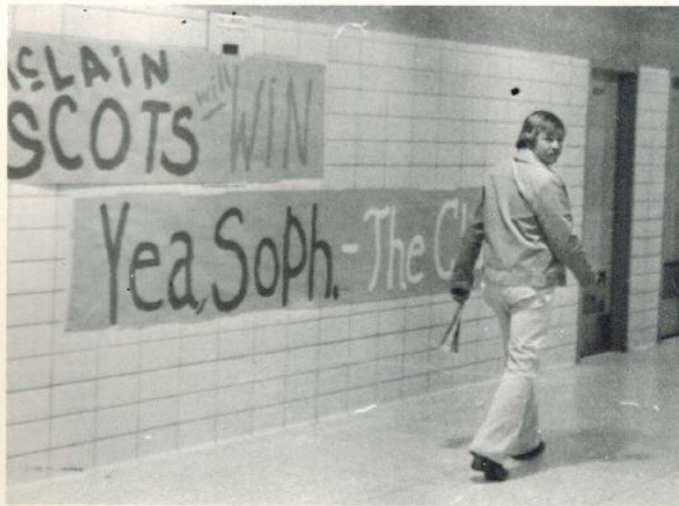

*Spirit is Music Playing . . .*

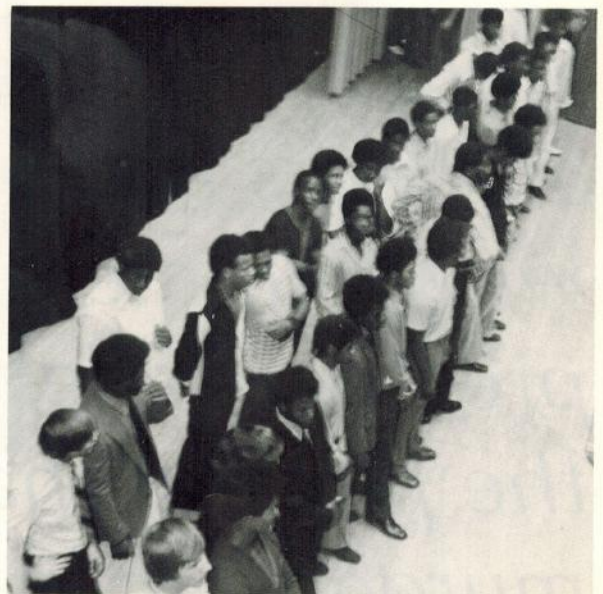

# *Spirit is Participating . . .*

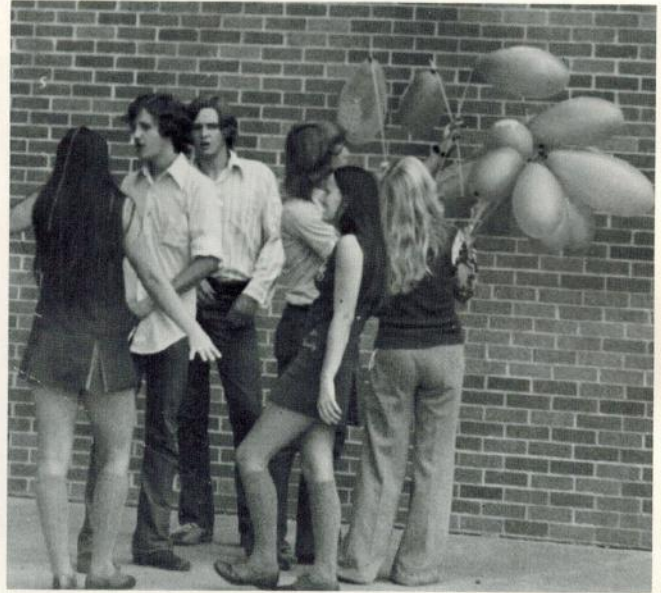

*“Honor, Loyalty, Determination,”  
just words on a circle of color on  
tile . . . or . . .*

*Spirit of thousands of McLain  
Students and former students  
who left, merely by their  
presence, a legacy of respect for  
the precept that education  
murders ignorance and stupidity.*

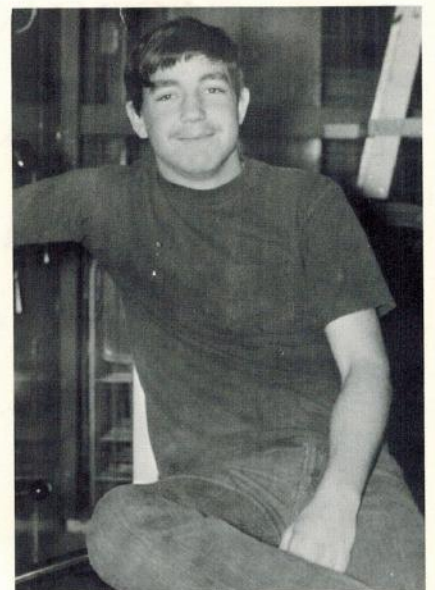

*The Spirit of nature with its  
ever changing hues delights  
the eye but baffles the rest of  
the body all year.*

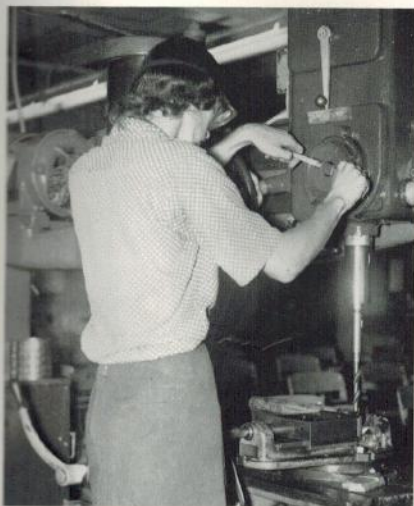

*Spirit is 1 plus 1 plus 1 . . . just assemble all the ones together and let the zeros stay behind and you have Spirit.*

#### WHAT McLAIN MEANS TO ME

By Sherry Quick

McLain is the foundation for my future. Although I will graduate this June, when I leave McLain I will take part of it with me and leave part of myself here.

At McLain there is a force, spirit, eagerness, drive. Call it what you like but it's there. This force invades the personal life of every student. It makes a student proud of his school and concerned about its welfare and representation. Part of this representation is the behavior of students at athletic activities. Athletic activities are beneficial not only to the participants but to the spectators. Good sportsmanship and a sense of fair play are predominant elements in all of McLain's athletic events. In our school activities the school spirit and enthusiasm of the student body show the immense amount of pride that we feel for McLain.

Spirit is responsible for everyone feeling that he must do his very best to make his school the best. Students want to do things for the school. They want to support football, basketball, baseball, track, swimming, and wrestling. They are eager to participate in school functions, take part in class plays, school assemblies, and other activities.

Scots are friendly and always willing to meet new people. New students are immediately made welcome and included in activities. Happy people who are eager to get acquainted, enthusiastic, and interested in everything going on around them make it a pleasure to go to school.

Not only does school spirit take over social habits and extra-curricular activities it also invades the mind. The drive emanated by the people around a student encourages him to do his absolute best. When a Scot is surrounded by such spirit he doesn't have to be forced to learn; he wants to learn everything there is to know. Curiosity suddenly takes complete control and the process of learning becomes an interesting, enjoyable thing.

McLain has added enthusiasm and meaning to my life. While at McLain I have learned the all-important lesson of cooperating with the people around me. I have learned more about the people in the world, and I am sure that this knowledge will equip me to face the future maturely. Knowing more about the people of the world will increase my understanding of them and enable me to live in closer harmony with them.

*Editors Note: This is an editorial from the March 31, 1966 issue of Tulsa School Life by Sherry Quick. We hope that we can contribute and inspire a feeling of spirit in everyone connected with McLain High School to revive and carry these traditions forward.*

*Spirit of '73 . . .*

*. . . Get it Scots!*

Everybody always wants in the picture.

I gotcha, aah haa, haa

Do what???

Have a ball!

Oh boy, it's recess time.

I swear!!!

Who me??

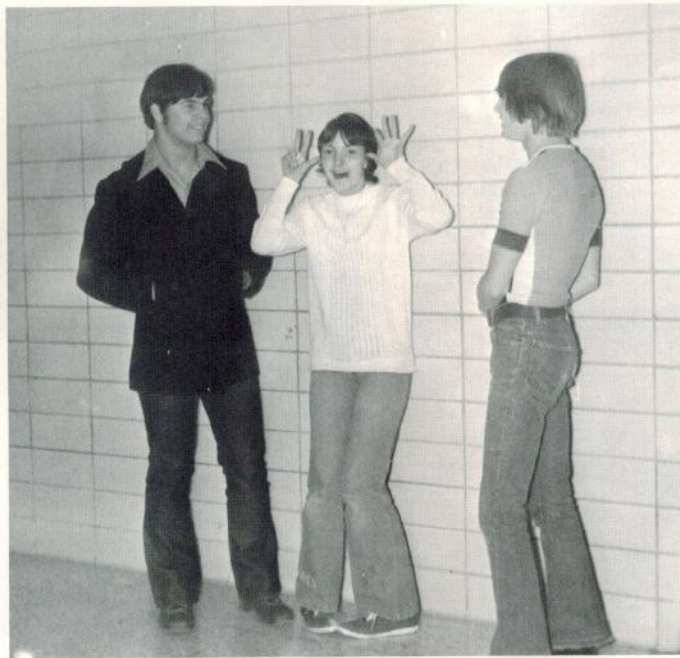

No Pat, I don't want to hear it this time.

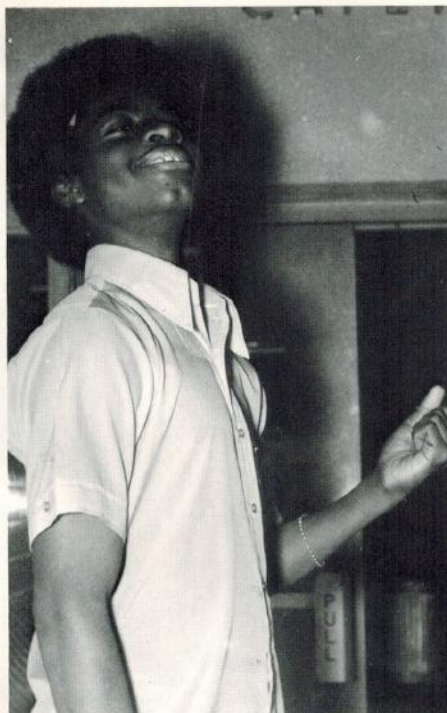

Tell us about it sophomore?
