I am delighted to extend warm greetings to all participants of Qatar Talks 2025 and its organizers, International Competent Communicators (ICC-ONE), for a very successful event. Over the last 20 years, this annual gathering has grown into a vibrant platform that celebrates the art and science of communication, inspiring voices from diverse backgrounds to share ideas, stories, and visions. A new segment of 'Tall Tales' is being added to the event this year alongwith 'Inspirational' talk which should result in great speeches blending fact and fiction.

Public speaking has always been a bridge between minds and hearts, and Qatar Talks stands as a reminder of its enduring power to connect, persuade, and inspire. In today's world, we stand at the crossroads of tradition and technology. Artificial Intelligence is reshaping how we draft, prepare and deliver talks and speeches. Yet, the essence of communication-the human warmth, emotion, and authenticity remains irreplaceable. This is what one would expect to experience in Qatar Talks 2025.

I convey best wishes to ICC-ONE for continued success of Qatar Talks in the years to come as a platform for motivating all communities in Qatar for public speaking, exchanging ideas and enhancing understanding.

It is with great delight that I extend warm greetings to all the participants and the organizers of the Qatar Talks 2025 contest.

Organised by the International Competent Communicators in Doha, this event offers a valuable platform for participants to express their ideas, share their perspectives and engage in meaningful communication. This contest is also vital in nurturing critical thinking, effective communication and leadership skills which empower the contestants to become agents of positive change.

While commending the organizers for their dedication during the past twenty years in fostering an environment where diverse voices were heard and intellectual curiosity encouraged, it also enables the contestants to embrace this opportunity with confidence and passion and convey their thoughts and stories effectively while using this forum to inspire, connect and transform communities.

Events like Qatar Talks strengthen the bonds between the people of different communities and contributes to a more inclusive and informed society.

On behalf of the Embassy of Sri Lanka in Doha, I wish every participant the very best of success. May your voices be heard far and wide and may this contest be a stepping stone toward a brighter future.

On behalf of the Embassy of the Republic of Uzbekistan in the State of Qatar, I am pleased to extend my warm greetings and sincere congratulations to ICC-ONE on the Qatar Talks Championship 2025.

This annual event has proven to be a remarkable platform for nurturing eloquence, creativity, and leadership among participants from diverse communities. By empowering individuals to share their ideas with clarity and confidence, Qatar Talks not only develops essential communication skills but also fosters mutual respect, cultural understanding, and stronger community ties.

I commend the organizers for their vision and commitment in providing such opportunities to the youth and wider community in Qatar. To all participants I encourage you to embrace this stage with passion and determination. May your voices inspire, your words connect, and your messages contribute to a brighter and more inclusive future.

#### Our Subsidiaries:

Founded in 1969 in Qatar, we bring over 50 years of expertise in business establishment, manufacturing setup, business development, and investment management. What began with a single subsidiary has evolved into a diverse portfolio spanning multiple industries. Today, our operations encompass the manufacturing and distribution of fast-moving consumer goods (FMCG), real estate management, construction, logistics services, asphalt and concrete production, and financial investments.

We provide long-term vision and strategic direction to our subsidiaries, ensuring active oversight of their operations and performance. Additionally, we continue to leverage our strengths to invest in companies that align with our core values and growth objectives.

Zad Holding QPSC operates as a pivotal force in Qatar's economy through a diversified portfolio that spans food security, real estate, and infrastructure. In the food sector, the group ensures high-quality staples through Qatar Flour Mills, the nation's exclusive flour miller; Qatar Food Industries, a premier refiner of edible oils including the Yara and ORO brands; and Ummsaid Bakery, market leader with its "Qbake" range of baked goods. Beyond consumer staples, the group manages a comprehensive residential and commercial property portfolio through Gulf United Real Estate (GUC). This diverse presence is further bolstered by a strong industrial arm comprising ALCAT Contracting, ALCAT Logistics, and the historic ALCAT Asphalt, which collectively provide end-to-end solutions for infrastructure development, from road construction and material transportation to the supply of essential building materials.

**COMMUNITY SOCIAL RESPONSIBILITY** is the idea that individuals and organizations have a duty to act ethically and contribute to the well-being of their community and society.

To this end we, **INTERNATIONAL COMPETENT COMMUNICATORS** have been organizing THE QATAR TALKS for the past 19 years.

This is the 20<sup>th</sup> edition!

We note with pride and satisfaction at the thousands of residents and school children who have benefitted in the improvement of their communication skills.

**SUCCESS IS NOT FINAL, FAILURE IS NOT FATAL: IT IS THE COURAGE TO CONTINUE THAT COUNTS."** - WINSTON CHURCHILL

This is the mantra which we try to promote and have succeeded!

The road to success is not one of ease, but of tenacity and drive to overcome challenges.

The "secret of success," if there is one, is that success is brought about by a combination of smart habits, a tenacious spirit, and a whole lot of luck.

Our Organizing Team is extremely grateful to our multi-national Judges who selflessly devote their valuable time, our various Role Players, our Media Sponsors, our ever willing Sponsors who generously support our annual CSR event and all who support us year by year.

An event of this magnitude is only possible by the unstinted support of one and all!

Our sincere thanks to one and all!

Lastly we wish all Contestants the very best in their endeavor for self improvement!

**LORNALYN T. TALLOD**  
CHIEF CONVENER

**20<sup>th</sup>**  
Edition

Every year, The Qatar Talks gives us a stage not just to speak, but to grow, to connect, and to discover the power of voices. I am profoundly grateful to our founder, Mr. Mohomed Ikhlas Farid, whose vision and dedication have made this journey possible. It is through his unwavering belief in the potential of every participant, young and adult alike that The Qatar Talks has grown into a vibrant, national initiative that celebrates the power of communication.

Since its inception, The Qatar Talks has grown and evolved into a platform that continually inspires participants to communicate boldly, connect meaningfully, and embrace challenges with courage. From its early days to its current nationwide reach, it has become more than a competition - it has fostered a culture, a community committed to growth, integrity, and lifelong learning. The dedication, passion, and shared values of the Qatar Talks Team have been central to shaping this environment, nurturing not just skills and confidence, but a legacy of excellence and collaboration.

This year, as we celebrate the **20th edition of The Qatar Talks**, we are proud to embrace innovation with the introduction of a new category, Tall Tales, celebrating imagination, humor, and storytelling. Alongside our Inspirational category, it invites participants to explore diverse forms of expression, proving that communication is as much about creativity and empathy as it is about eloquence.

I am inspired by the remarkable voices that have graced this platform over the years. Each story shared, each idea expressed, and each moment of courage has contributed to the rich legacy of The Qatar Talks. Equally, I am grateful to the incredible team whose dedication and values continue to shape this journey, reminding us that true success is measured not only by the stories we tell, but by the culture we build together.

As we mark this milestone, may The Qatar Talks continue to empower individuals to **communicate, connect, and conquer** - on stage, in their communities, and beyond.

Here's to 20 years of stories, inspiration, and growth and to the new voices yet to rise!

Sincerely,

**Lornalyn T. Tallo**

# INSPIRATION

The word 'Inspire' is from the Latin word 'inspirare', meaning 'to breathe or blow into'. When you are 'inspired', you breathe or blow into new ideas & thoughts. As I ask myself, out of 2000+ Toastmasters in Qatar WHY ME to talk about Inspiration?

I am not sure how many will read this article on Qatar Talks Magazine, so why waste my valuable time writing a topic when you can use AI? In a world driven by innovation, resilience, and transformation, inspiration is the spark that ignites change. Recently, I had the privilege to deliver a talk on "HOW you can become a source of inspiration for colleagues" at our Virtual Global Conference at DHL Express to over 2,000 IT colleagues across a huge network of 219 countries.

Now let's pause a bit and ask yourself if you were given an opportunity like this, What would you do? You might say I would breathe. Bingo, exactly when did you last time check your breathing pattern? Scientific research has shown that controlled breathing directly influences the brain's cognitive functions. Deep, rhythmic breaths activate the parasympathetic nervous system, reducing stress and enhancing mental clarity. When we breathe consciously, we create space between stimulus and response. This space allows for reflection, creativity, and more thoughtful choices. Techniques like box breathing, diaphragmatic breathing, and alternate nostril breathing are used by athletes, leaders, and creatives to sharpen focus and regulate emotions.

In high-stakes environments whether in boardrooms, classrooms, or on podium/stage breath becomes a silent ally. It grounds us, calms the mind, and reconnects us to the present moment. Even a few minutes of mindful breathing can shift our mental state from reactive to reflective.

Now that you I have your attention on breathing let's move on finding our PURPOSE. Purpose is the foundation of inspiration. It gives direction, meaning, and emotional resonance to our actions and ideas.

What is your Purpose in life? What is your organization's purpose in your professional life? Are they aligned? Do you come to the office with spring in your step, sparkling eyes or bright smile? Not every day or at least most of the days. I am grateful to work for an organization for just over 22 years "Connecting People, Improving Lives" is the purpose of DHL Group my purpose is fully aligned with this purpose in whatever I do in life. This purpose creates meaning, fuels motivation, connects people and drives innovation.

If your purpose is clear it can sustain inspiration.

Lets pause take a deep breath to look around you & observe the people around who are clear on their purpose, they speak with clarity and conviction, they are more successful, the answer lies because their WHY is clear in life. Storytelling is oldest form of Communication, The English word 'communication' has been derived from the Latin word, 'Communicare' which means to impart or participate or to transmit or to Share. Qatar as country has a great story having lived in this beautiful country for over 43 years, Qatar Talks has a great story, your family, colleagues, friends, customers have a great story. You could do that by sharing your own story by conviction,

A story of being consistent, Inspiration Is Often a Byproduct of Action. People often wait for inspiration to begin, but inspiration often comes after you start. Consistent effort is crucial. I often tell people around Christopher's Consistent Commitment (3C's). This is good time to pause again and reflect take a deep breath & ponder what are you consistent at? Few examples I can offer out of my own experience: Consistent at Fit to lead activities, making time out for fitness walk, run, cycling, exercise, the best investment in life is yourself. Second one Volunteering be a giver I am grateful to Distinguished Toastmaster Riana Pinto, who introduced me to Toastmasters International a nonprofit organization this was a life changing decision I took today it is my time to give back on what I have learned to this wonderful fraternity. Thirdly, Consistency towards excellence in professional & personal life with a winning learner's mindset & positive energy.

I would be happy if you are reading this as your exercising your brain connect with me on LinkedIn and let me know your thoughts on this wonderful topic "Inspiration". There is a reason why it starts with I get started lets recap breathe into (Inspiration), purpose (Know yourself), communicate (To Share), consistency (Take Action).

360° rotational lever

Very smooth 3-step change  
(Pure water, Unfiltered straight  
and Unfiltered spray)

## See-through Window

Just remove the filter cap to check contaminants build-up through the See-through Window. So you know when it's time to replace the cartridge. This unique feature incorporated only in torayvino.!

Before use

After use (rust)

## The 4-Stage filtration

Four-stage filtration catches even the most microscopic contaminants.

## 1 Prescreen

Removes rust, sediments and biggest particles.

## 2 Granular activated carbon

torayvino. MK303 uses high-grade activated carbon to remove residual chlorine and other chemicals from the unfiltered tap water.

## 3 Second screen

Removes rust, sediments and biggest particles.

## 4 Multilayer hollow fiber membrane filter

Toray's advanced multilayer hollow fiber membrane filters remove rust, bacteria, coliform bacilli, microorganisms and microscopic impurities from water and other liquid solutions without removing calcium, magnesium and other minerals essential to the human body. In the field of medicine, these filters enjoy widespread use to purify blood in artificial kidneys.
