WISH BIG

It's hard to believe it's that time of year already! The Holidays rule, when else can you Wish Big (or even HUGE) for all that new gear you want, and get it. Have you been eyeing that ultimate skateboard setup and fresh pair of kicks for the skatepark? Perhaps just a new pair of Levi's and a new hoodie? Or, that sick new snowboard set-up for all the riding you will be doing? Don't forget a new pair of headphones for the car ride there and boots for the walk from the car! Do what I do, grab a marker and circle everything that you want. This year you can build your wishlist on CCS.com and enter to win it all! Wish Big, Ride Big, Give Big, Go Big. Happy Holidays, have a safe and fun season.

CONTENT SHOCK? We do our best to try to not carry graphics and designs that may be offensive to anyone. However, skateboarding has always celebrated the individual and has supported non-mainstream ideas. Please keep this in mind when looking through the catalog. We have tried to provide many choices in each product category so you can find something appropriate for you. If you have any questions on a graphic or design, call our sales staff. We will be glad to help you.

Stocking Stuffers

At CCS we are gear heads, always rocking the latest watch, sunglasses, or headphones and never leaving home without a skate tool or beanie. That might be why we think stocking stuffers are the best part of the holidays. Our staff pulled some of our favorites below and even more online at CCS.com/WishBig. Whether you're giving or getting, look no further.

Wish Big

What's better than wishing big? If you are shopping for the snowboarder, skateboarder (or just yourself) these are some of our favorite picks. Boots for before, during and after the ride. A must have Burton Custom board to ensure that ride is best one ever and a fresh Nixon watch to keep an eye on all of the time you're out shredding and not in front of the TV. Everyone deserves a new cruiser and how fresh is that Crooks jacket? Turn the pages, Wish Big and then get out there and enjoy them.

Levi's

SKATEBOARDING & LEVI'S share a similar tale—Both born in the US, icons of style, and loved all over the world. Hailing from San Francisco, the mecca of modern street skating, it's no wonder that Levi's have a strong presence in skate culture. The timeless style, coupled with the durability skating requires in a pant, is why skaters throughout the world shred in Levi's.

THE 508™

As an alternative to the skinny or slim jean, the 508 and its tapered leg is a nice way to switch up your kit. The 508 gradually tapers down the leg from a roomy seat, giving you some new steez to your denim styles.
