“It’s not what we do occasionally that shapes our lives. It’s what we do consistently.”
- Anthony Robbins.

In 2003 under the aegis of DPS Society, the Om Dayal Group opened the gates of DPS Ruby Park with the vision of raising the benchmark of the standard of education in the city. The inauguration of DPS Durgapur in 2011 was yet another significant step taken towards achieving the same. Brilliant academic record and a rich haul of laurels won at numerous Inter DPS and CBSE competitions nationwide, have most certainly consolidated our status as one of the most prestigious institutions among 200+ DPS schools in India and abroad.

In 2010, the Om Dayal Group set up ‘Om Dayal Group of Institutions – Engineering and Architectural College’ – an undergraduate college, offering courses in Engineering and Architecture at Uluberia, Howrah. Approved by AICTE and affiliated to MAKAUT, the institution added a new dimension to the vision of revolutionizing the education system for the better.

THE BEAUTY OF DIVERSITY

In this ever-growing cosmopolitan composition of our society, welcoming a plurality of opinions with open arms is possibly the best gesture of promoting tolerance. Following this view, special assemblies are organized on the occasions of Durga Puja, Christmas, Rabindra Jayanti, Independence Day and Republic Day. Students from different age groups and cultural societies participate with great enthusiasm. To create greater awareness among students, World Music Day, Sanskrit Diwas, Bhasha Diwas, Van Mahotsav and other important events are also celebrated.

TRAVEL IS THE MOST INTENSE WAY OF LEARNING

An annual excursion is organized for students every academic session. The school organises planned visits to various places to enrich the students and to take learning beyond the four walls of the classroom.

The main aim of these excursions is to expand our students' horizon and to encourage them to know the world through their personal experiences and understanding.

SPORT IS A PRESERVER OF HEALTH

We strongly believe that sports and games have positive physical and mental benefits, and can help develop a sense of camaraderie and teamwork in young learners. Our school has an enviable reputation for sporting excellence with success at individual and team events at all levels. This is the culmination of hard work and discipline, determination and confidence, responsibility and accountability. Grooming the right sporting talent the right way is our top focus.

CONCLUSION

The global pandemic has been a debilitating experience for all and sundry. In such a situation, our inner strength to see us through all the odds and maintain a consistent performance has been even more important. DPS Ruby Park continues to extend its helping hand to all its students to perform to the best of their abilities and laud their achievements.
