KONA: CIRCLE ISLAND EXPERIENCE

DEPARTS: KONA / FLIGHT TIME: 2 HOURS

You flew all the way to Hawai'i; you should see it all on the only complete helicopter tour around Hawai'i island. The Island of Hawai'i really is a "Big Island." Paradise's Circle Island Experience is the only helicopter tour in Hawai'i that ventures south to encompass the entire perimeter, and we do it in just two hours!

Starting from the Kona International Airport at the island's western-most tip, your pilot takes you past the Kona coffee district and the slopes of Mauna Loa to the southernmost town in the United States. You'll be amazed when viewing one of only four green sand beaches in the world! Next, your pilot will take you to view the world's most active volcano, and continue towards Pu'u 'Ō'ō vent. After over 35 years of activity, discover what Kīlauea Volcano has left in the wake of its recent eruptive episode. Witness otherworldly landscapes like the incredible eight-mile river of frozen lava from Ahu'a'ilā'au to the Pacific Ocean, the newest black sand beaches on earth, and enormous craters created by these historic events.

Then, turn to the east, the island's lush windward side and Hilo town. Notice how water now flows where lava once did, gushing out of sheer cliffs through lava tubes, creating hundreds of waterfalls and nourishing the rich vegetation. The grandeur of the Kohala valleys and waterfalls of the north are sure to catch your breath, as are the white sand beaches on your return to Kona.

KONA: EXPERIENCE HAWAII

DEPARTS: **KONA** / FLIGHT TIME: **1.75 HOURS**

Enjoy a true Hawai'i experience on Paradise Helicopters' premier air adventure. Explore all five volcanoes, hidden white and black sand beaches, lush waterfalls cascading down 2,500-foot valley walls, breathtaking coastlines and 11 different climate zones. Hawai'i is the largest of the islands, and due to activity at Kīlauea and Mauna Loa, it's still growing. Upon departure from the Kona Airport, you will fly over the world-famous Kona coffee district and the slopes of Hualālai and Mauna Loa. Learn about the unique history, geology, and culture of Hawai'i Island through a two-way communication system that lets you ask the questions and get to know your pilot.

See Kīlauea, the world's most active volcano, and hunt out any current lava flows. After over 35 years of activity, discover what has been left in the wake of the recent historic eruptive episode. Witness otherworldly landscapes like the incredible 8-mile river of frozen lava from Ahu'aikā'au to the Pacific Ocean, the newest black sand beaches on earth, and enormous craters created by these recent events! In winter, you may see snow atop Mauna Loa and Mauna Kea.

Then, you will head toward east Hawai'i's lush rainforests and the incomparable Kohala valleys. The views here are so spectacular that even our pilots, who see them on a daily basis, often say this area is their favorite hidden gem to share with visitors and guests. Rounding out your trip, you'll enjoy a birds-eye view of iconic beaches, including Hāpuna Beach and Kua Bay, consistently voted as some of the best beaches in the world.

KONA: KOHALA COAST & WATERFALLS

DEPARTS: **KONA** / FLIGHT TIME: **1 HOUR**

Fly with Paradise to the Kohala valleys to hover amidst the breathtaking 2,500-foot waterfalls and sheer cliff faces. En route, you will witness frozen lava flows on the Kona and Kohala coasts from the 1801 Hualālai eruption and the 1859 Mauna Loa eruption, which traveled over 31 miles before reaching the coastline. Dotted the shoreline along the way, you can pick out pristine white and black sand beaches - including Mahai'ula, Kiholo, Anaeho'omalua, and Hāpuna - to visit during your stay! Upon arriving at the lush landscape of Kohala, your pilot will not only show you its rugged coastline, home to dramatic valleys but will also educate you about this region's significance in Hawaiian history as the birthplace of Hawai'i's most famous ali'i (nobility), Kamehameha the Great. Departing from the Kona International Airport, this 60-minute tour is a great choice for guests wanting to see the beauty of Kohala, without sacrificing beach time for drive time.

KONA: KOHALA COAST WATERFALLS + EXCLUSIVE LANDING

DEPARTS: KONA / **FLIGHT TIME:** 1 HOUR **GROUND TOUR:** 45-60 MINUTES

Fly with Paradise to the Kohala valleys to hover amidst the breathtaking 2500' waterfalls and sheer cliff faces. Dotted the shoreline along the way, you can pick out one of the few pristine white or black sand beaches including Mahai'ula, Kiholo, Anaeho'omalu and Hāpuna – to visit during your stay. Upon arriving at the lush landscape of Kohala, your pilot will not only show you its rugged coastline, home to forested valleys, but will also educate you about this region's significance in Hawaiian history as the birthplace of Hawai'i's famous ali'i (nobility), Kamehameha the Great.

Mid-flight your aircraft will touch down at a remote location deep in the Kohala mountains to explore and enjoy a moderate half mile pilot-led hike through a waiwi (guava) forest. The meandering trail immerses you in the flora and fauna of Kohala and surprises you with a dramatic coastline vista, offering views of the Moku-puku island formations and waves crashing along the rugged north shore of Hawai'i Island. All the while you will learn about the culture and diverse natural habitat of this serene location that most people never see. After your refreshing hike, take to the air again, to view the drastic landscape change from windward to leeward, and the world-famous white and black sand beaches and resorts en route back to Kona.

KONA: VOLCANO KOHALA LANDING

DEPARTS: KONA / **FLIGHT TIME:** 1.75 HOURS **GROUND TOUR:** 1 HOUR

See the breathtaking beauty of Hawai'i Island, plus enjoy a very special landing in the Kohala area on the Volcano Kohala Landing air adventure. After departing from the Kona International Airport, you will overfly the world-famous Kona coffee district and skirt three of Hawai'i's towering volcanoes: Hualālai, Mauna Kea and Mauna Loa. Explore the area surrounding Hawai'i Volcanoes National Park to hunt out any current lava activity and see historic flows frozen in time. Then, turn your attention north to Hilo town and the lush rainforests of East Hawai'i. Notice how the windward side of the island is transformed by the water caught by the mountains.

Then, unlike any other air adventure on the Big Island, Paradise will take you deep into Kohala. Walk the same fertile valleys that King Kamehameha the Great did as a child. Learn about the culture and the diverse natural habitat. Normally only accessible by hours of hiking, you are treated to the untouched purity of this serene location. After exploring on the ground, take to the air again to view the drastic landscape change from windward to leeward, and world-famous white sand beaches and resorts en route back to Kona.

HILO: LAVA & RAINFORESTS ADVENTURE

DEPARTS: **HILO** / FLIGHT TIME: **1 HOUR**

The Lava & Rainforests Adventure showcases Hawai'i's story and its inextricable link to the elements. You will fly over Kīlauea, one of the most active volcanoes on earth and search out any activity at Halema'uma'u crater, Ahu'a'ilā'au, or Pu'u 'Ō'ō vent. The windward side catches enough rain to make Hilo the wettest city in the United States! All this water fills tunnels that once flowed with lava, creating incredible rivers, pools and waterfalls all over east Hawai'i. View Hilo's lush rainforests, Mauna Loa's vistas and the plunging Wai'ānuenue (Rainbow Falls), so named for the rainbows you can see in the mist when the early morning sunshine hits the water.

LĀNA'I: MAUI NUI

DEPARTS: LĀNA'I / FLIGHT TIME: 1 HOUR 45 MINUTES

Over one million years ago, Maui Nui (“Greater Maui”) was a single island forty percent larger than present day Hawai'i Island. Over time, natural forces drew Maui Nui lower into the Pacific, and its saddles fell below sea-level to form separate islands.

Discover all five of the major islands that comprise Maui Nui. First, head east past Kaho'olawe, with its unique history as a bombing range for the US Army during WWII, to the southern flank of east Maui. View the slopes of Haleakalā and the road to Hāna without spending hours in a rental car. Make your way past the world-famous surf break, Pe'ahi (Jaws), and cross the Pailolo channel to Moloka'i.

Moloka'i sea cliffs are the tallest in the world, an absolutely stunning sight to hover amidst, rife with waterfalls and lush tropical forests. After viewing the national historical town of Kalaupapa, the journey continues to Lāna'i. Kānepu'u Preserve - rare native dryland forest, Keahiakawelo (the “Garden of the Gods”), and long sandy beaches completes the adventure.

HELICOPTERS

IMPORTANT DETAILS, UPGRADES & FEES

CO-PILOT

The Co-Pilot seat describes the seat positioned directly beside the helicopter pilot's seat. Take advantage of cockpit views through the wind shield and two windows. This seat is referred to as Seat 1 and is only available on non-private tours. This upgrade will guarantee you the co-pilot seat and will be subject to weight and balance restrictions.

WINDOW SEAT

A window seat is any seat directly next to a window. In the MD 500 aircraft, window seats are the two seats in the rear of the aircraft. For an additional charge, you may purchase a window seat. Guaranteed window seating is included in the capacity surcharge for passengers over 265 lbs. This purchase is subject to weight and balance restrictions and is available only on non-private tours. At our Turtle Bay location, window seats are only available at the time of check-in.

EXTRA SEAT

Guests weighing 270 lbs. and above at check-in will be charged for an extra seat at a reduced rate for weight and balance purposes. The rate of the extra seat is determined by the specific tour that they are booked on, this is calculated by adding an additional discounted seat to the one that has already been purchased. All guests weighing 270 lbs and above will be guaranteed a window seat.

Accurate weights at the time of booking are essential to ensure the comfort and safety of all guests. If a passenger is unable to fly due to an inaccurate weight provided at the time of booking, no refund will be made. Maintaining proper weight and balance in the aircraft is necessary to provide our guests with a safe, smooth and comfortable air adventure.

CARBON OFFSET PROGRAM

We are Hawai'i's first and only helicopter company offering carbon offsetting. Our Carbon Offset Program gives you the opportunity to compensate for the greenhouse gases (GHGs) produced during your tour. Choosing to "green your seat" will leave you and the planet feeling refreshed. 100% of each carbon offset fee is used to plant endemic trees in Hawai'i, in partnership with the Legacy Carbon program through Hawaiian Legacy Hardwoods, which is certified by the Gold Standard Foundation in Switzerland. Add carbon offsetting to any tour!
