Log Cabins

Out of all the building types, log cabins are the most versatile, they can be perfect for extending living spaces, creating garden offices, home gyms, and much more.

We pride ourselves on our superb quality and make sure all our log cabins are constructed using the highest quality grade North European spruce, imported directly from Eastern Europe.

Summer Houses

Out of all the building types, log cabins are the most versatile, they can be perfect for extending living spaces, creating garden offices, home gyms, and much more.

We pride ourselves on our superb quality and make sure all our log cabins are constructed using the highest quality grade North European spruce, imported directly from Eastern Europe.

We always put our customers first

Simply Log Cabins is one of the UK's leading on-line suppliers of quality Log Cabins and other garden buildings. Many of our Garden Buildings are delivered direct from our own warehouses direct to you.

Our mission is to supply quality products to our broad customer base, provide good advice on the use of the products & to ensure that our customers receive excellent value for money. One of the main areas of our work is visiting and assessing factories through-out the UK, Europe and Russia with a remit to find the best quality log cabins that we can offer to our customers at the most competitive pricing.

Many of our Sales and Customer Service staff have hands-on experience of assembling log cabins and larger garden buildings and are always pleased to offer tips and advice both before the purchase and during assembly.

Simply Log Cabins Top Service Guarantee ensures that you can be confident that we will stand behind every product we sell. We have a personal sales and customer service representatives at your fingertips 7 days a week 8.00am - 5.00pm.
